

The District Health Board's fundamental purpose is to work within the resources allocated to it, to improve, promote and protect the health of the whole population within its district, and to promote the independence of people with disabilities.

OUR VISION

Healthy, thriving communities, Kia Momoho Te Hāpori ōranga.

OUR MISSION

Enabling communities to achieve good health, independence and access to quality services.

OUR VALUES

CARE is the acronym of the Bay of Plenty District Health Board's values of Compassion, All-one-team, Responsive and Excellence.

ABOUT BOPDHB

There is a structured orientation to BOPDHB, the NETP/ NESP programme and the RN graduate's clinical placement.

Every RN graduate is assigned a preceptor(s) who has completed an approved training programme. Preceptors, and other members of the clinical team, work alongside the RN graduate providing support and opportunities for critical analysis, reflection and goal setting.

RN graduates are required to submit an e-Portfolio at RN Competent Level prior to completion of the programme. Resources, including access to BOPDHB's e-Learning site are provided to enable the graduate to complete this.

Ongoing employment within the BOPDHB is subject to graduates meeting the NETP/NESP requirements and vacancy availability at the time of completing the programme.

GRADUATE NURSING

Tauranga and Whakatāne Hospital

Primary Care including Practice Nursing, Iwi Providers, School Nursing and Hospice (by negotiation with specific Providers)

Aged Residential Care

Nurse Entry to Specialty Programme (NESP) - Mental Health & Addiction Services

Registered Nurse (RN) graduates are employed onto the NETP/NESP Programme for a 12 month fixed term contract. In the majority of cases graduates will undertake one 12 month placement during this period.

Some Registered Nurse (RN) graduates employed onto the NESP / NETP Programme may have 2 clinical placements during the 12 month period.

All graduates will complete a PG paper (NESP 2 PG papers) and have access to the resources and developmental opportunities within the BOPDHB graduate program.
