

Capital and Coast is the leading tertiary provider of a number of specialist services, including neurosurgery, oncology, neonatal intensive care and specialised mental health services, for the upper South and lower North Islands, a population of about 900,000 people.

CAPITAL AND COAST VALUES

Our mission is to improve the health and independence of the people of the district.

Our Vision is keeping our community healthy and well.

Our values:

- Manaakitanga - respect, caring, kindness
- Kotahitanga - connection, unity, equity
- Rangatiratanga - autonomy, integrity, excellence

ABOUT CAPITAL AND COAST

Capital and Coast supports the development of newly graduated nurses through the NETP and NESP Programmes. At Capital and Coast, we have a commitment to professional, providing a supported learning environment and clinical experiences to enable graduate nurses to make a difference to the health and well-being of the population we serve.

Māori and Pacific population needs are a priority for our District, and this is reflected in opportunities for nurses who identify as Māori or Pacific.

WHO WE ARE

Capital and Coast offers a 12 month NETP/NESP Programme with a permanent contract in one clinical area (NETP) or two clinical areas (NESP) at a minimum of 0.8FTE as negotiated with the employer.

A postgraduate certificate is integrated into the NESP programme and is delivered by Whitireia Polytechnic. The NETP Programme contains an in-house curriculum focussed on assessment skills, transition skills and area specific education.

Graduates in the NETP and NESP Programmes are offered permanent employment and are supported throughout by the NETP and NESP teams and allocated preceptors.

WE PROVIDE

- Cultural support for Maori and Pacific nurses throughout the Programme
- Career conversations to support career goals and applications for postgraduate study and professional development

In previous intakes, nurses have been employed across the Mental Health, Addictions and Intellectual Disability Services, as well as Aged Care, Primary Health, Emergency, ICU, Gynae, Paediatrics, NICU, Surgical including general surgical and orthopaedics, Medical including MAPU, Dialysis, Theatre, perioperative, District Nursing, Oncology, Health of the Older Person including Acute Frailty, Rehabilitation, and Accident and Medical.

Graduates completing both the NESP and NETP Programmes will work towards achieving Competent on the PDRP at the end of the Programme.
