

Our vision is simple. We want everyone in Hawke's Bay to be healthy.

Excellent health services working in partnership to improve the health and wellbeing of our people and to reduce health inequities within our community.

ABOUT Hawkes Bay

Hawke's Bay serves a population of 155,000 people. It is one of 20 DHBs established in New Zealand in 2001 by the New Zealand Public Health and Disability Act 2000.

Our services offer a wide range of facilities within a regional hospital, with recent exciting new development of endoscopy facilities and services.

Hawkes Bay provides support for new graduates entering their NETP year, in all settings.

WHO WE ARE

Te Whatu Ora Hawke's Bay is proud of its reputation as a community minded, patient focused provider of exceptional care.

Hawke's Bay warmly welcome nursing graduates to apply for the NETP programme via the ACE Nursing Website.

NETP builds a sustainable pathway for the New Zealand registered nurse workforce into the future

New Zealand's NETP programme enables nursing graduates to begin their careers well-supported, safe, skilled and confident in their clinical practice, equipped for further learning and professional development, meeting the needs of health and disability support service users and employers.

In the Hawke's NETP clinical areas you will be working with experienced, educated and qualified nurses who will support you in your first year of practice.
