

**MidCentral works collaboratively with a wide range of primary health providers, including General Practice, Aged Residential Care, Iwi providers and Non-Government Organisations to provide an integrated health care service for consumers across the region.**

## **ABOUT MIDCENTRAL**

MidCentral warmly welcomes graduates to apply for our Nursing Entry to Practice (NETP) Programme via the ACE Website.

Our NETP programme is Nursing Council of New Zealand (NCNZ) accredited and supports new graduates nurses within both hospital and primary health care settings. The NETP Programme are central to our philosophy of "growing our own" nurses and retaining them through continuing education and ongoing career development.

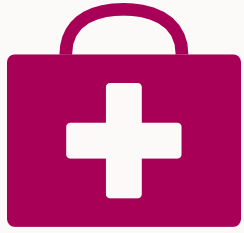

## **APPLY VIA ACE RECRUITMENT**

## WHY CHOOSE MidCentral?

New graduates are supported to complete the first year of practice programme by our NETP Coordinator, Nurse Educators, Preceptors, Clinical Nurse Specialists, Charge Nurses and nursing staff.

### NETP

On completion of the NETP programme, nurses will meet the competencies and standards of practice at "competent" level on the MidCentral Professional Development and Recognition Programme (PDRP) as required by the NCNZ.

## NETP

- ♦ MidCentral and primary health providers in the region adopt a responsive employment policy enabling us to employ graduate nurses throughout the year as and when vacancies arise
- ♦ Please view the MidCentral NETP web page for information regarding recent NETP nurse practice area employment

## ONGOING SUPPORT

- ♦ MidCentral is committed to recruiting and retaining a permanent nursing workforce that reflects the diversity of our community
- ♦ Nurses within the MidCentral region are supported to identify professional career goals and to undertake ongoing professional development to meet their individual learning needs
