

Our Vision is for a healthier Northland, He Hauora Mo Te Tai Tokerau

Our mission is to work together with Northlanders in partnership under the Treaty of Waitangi to:

- **Improve population health and reduce inequities**
- **Improve patient experience**
- **Live within its means**

Northland offers an amazing work life balance.

We have a community focused integration and a focus on Māori Health

TE WHATU ORA – TE TAI TOKERAU, NORTHLAND

Te Poari Hauora Ā Rohe O Te Tai Tokerau

#LOVENURSING

WHO WE ARE

Te Whatu Ora - Te Tai Tokerau, Northland provides opportunities for new and innovative ideas.

The NETP programme is designed to provide a safe and well supported environment in which the Graduate Nurse can advance from beginner to competent practitioner. Preceptorship, reflective practice, critical thinking and diagnostic reasoning will be grounded in clinical nursing practice to develop the graduate's practice within the registered nurse scope.

The NESP programme supports nurses new to mental health and addiction services to develop their professional practice while developing the specific skills required for the speciality field of mental health and addiction nursing.

We are committed to supporting new graduate nurses in their first year of practice.

We want to 'grow our own' for the people of Northland.

We have a successful NETP programme with high retention rates and we work closely alongside the educational providers.
