## HEALTH NEW ZEALAND - WAITAHA CANTERBURY

Te Poari Hauora ō Waitaha

## ABOUT WAITAHA CANTERBURY

Canterbury has been internationally recognised for its collaboration, integration and the way it is transforming its health system.

Our vision is of a truly integrated health system that keeps people healthy and well in their own homes and communities by providing the right care at the right time and in the right place.

We have strong relationships with educational providers and we have a number of specialty teams and services.

Our teams work regionally and we also provide specialty services such as complex surgery for the rest of New Zealand.

Our new graduate SFYP and NESP programmes are well established and succeed in supporting new registered nurses to be confident and competent in practice.

Our SFYP programme offers 12 month placements with 12 study days which includes 1 graduate certificate paper (Level 7); permanent contracts for Canterbury DHB employees; and a mixture of permanent and fixed term contracts for partnering organisations.

Our NESP programme offers inpatient workplaces; 2 post-grad papers (Level 8); and permanent employment, subject to satisfactory performance review.
