

Regardless of whether we work directly with patients/clients and whānau or support the work of the organisation in other ways, each of us makes an essential contribution to ensuring Waitematā delivers the best care for every single patient/client using our services.

## ABOUT WAITEMATĀ DISTRICT

Innovative and forward-thinking, we embrace contemporary practice and the latest technology.

As the largest district by population and one of the fastest growing, we offer diverse and exciting clinical opportunities.

We provide a supportive learning environment throughout your first year of practice to guide and develop your practice.

Our two dedicated SFYP teams support Hospital and Specialist Services and Primary Health Care and include experienced Nurse Educators and Clinical Coaches. Specialist Mental Health and Additions services are supported by our NESP team, which has dedicated Nurse Educators.

## SFYP

Waitematā offers fixed or permanent positions to the organisation with a 12-month graduate nurse programme.

There is an option of applying for funding to commence postgraduate study in your second year of practice.

Sites at Waitematā include:

North Shore Hospital, Waitakere Hospital, Elective Surgical Centre, Totara Haumaru, Wilson Centre, and Primary Health Care providers.

## NESP

Waitematā offers a Postgraduate Certificate for their NESP programme with permanent contracts.

## ONGOING SUPPORT

- Individualised support is at the heart of what we do and deliver.
- Committed to ensuring our graduate nurses feel supported throughout the duration of their first year.
- On-going professional development.
- We offer an experiential day with another clinical area during SFYP year.
